ABOUT ME

I am someone who is consistently growing themselves and who takes the time to continue learning even though it's not a direct requirement of the job. Someone who thinks positively and who can execute on difficult tasks. I am always energetic and eager to learn new skills. I can handle multiple tasks on daily basis. I adapt to changes and have the ability to analyze and understand different business situations. I believe the human being can learn anything if he/she has the intention to do so.

CAREER TIMELINE

My latest experience was at Porsche finance Group, Porsche bank. I went through all bank departments and gained the knowledge on how they work with other departments in addition to how they operate separately. I spent most of my time where they analyze the finance offers they receive and went with my mentor through the acceptance/rejection procedure.

At my senior year at school I participated in two activities. I was a teacher's assistant for first graders where I sat with the students, talked with them and helped them during class activities. I also participated in the World Day of the Orphans that was held at Saudi German Hospitals Group in KSA.

In 2016, the Lebanese Consulate in Jeddah, KSA, awarded 120 Lebanese students from different schools in Jeddah. I was among the Top 60 students.

Back in 2014, for my business charity project, I decided to help the ladies who cleaned the classes after all student have left. I was able to gather volunteers to clean the school and raise awareness along with a generous amount of money to give to those ladies. I was the leader of the group along with my business teacher as my mentor.
